

Engine Operated Tea Leaf Harvester

(With big cutter)

Model No.	KATH725
Power	0.75 KW
Engine Type	25.4cc, 2 Stroke Petrol Engine
Blade length	600mm
Tea bag	6Mtr, 1 Pc.

Application : This Tea Leaf Harvester machine is used for plucking tea leaves with ideal cost effective, labor and time saving.

Battery Operated Tea Leaf Harvester

Model No.	KATHBO24V
Battery	24V, 12 Ah, Lithium-ion
Machine Weight	1.8 Kg
Blade length	390mm
RPM	2000-2500rpm

Cordless Machine

Model No.	KATHBO24VCL
Battery	24V, 5 Ah, (2pcs) Li-Ion
Machine Weight	1.8 Kg
Blade length	390mm
RPM	2000-2500rpm

Tea Pruner

Application : An ideal cost effective, labor and time saving machine for pruning tea branch.

Tea pruner 43 cc, 2 Stroke

Model No.	KATP43
Engine	Petrol 2 Stroke
Displacement	43 cc
power	1.7 HP
Cutting Blade	100 Teeth Circular
Maximum output	1.25kW
Shaft length	50 inch approx
RPM	7000rpm
